LOGBOOK FOR OBSTETRICS & GYNAECOLOGY

NAME:

ROLLNO.

BATCH:

YEAR OF ADMISSION : _____UNIVERSITY SEAT NO.

Logbook of Obstetrics & Gynaecology

© Copyrightinformation:

This logbook of **Obstetrics & Gynaecology** is created by **Department of Obstetrics & Gynaecology, B J Medical College Asarwa, Ahmedabad**. It is sole property of the **B J Medical College Asarwa Ahmedabad**. No part of this book may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopying, recording, or any information storage and retrieval system without permission, in writing, from the author/s.

Note: This logbook of Obstetrics & Gynaecology is designed considering Competency Based Undergraduate Curriculum for Indian Medical Graduate which fulfil needs of teachers and students. Clinical pathology teaching and learning involves Knowledge (K) and Skill (S) as learning domains and Knows (K) and Know how (KH) as levels of competency. While describing topic/structure, Core/Non-core classification also kept in mind.

< Preface >

The Medical Council of India has revised the undergraduate medical education curriculum so that the Indian Medical Graduate (IMG) is able to recognize "Health for All" as a national goal. He/she should also be able to fulfil his/her societal obligations. The revised curriculum has specified the competencies that a student must attain and clearly defined teaching learning strategies for the same. With this goal in mind, early clinical exposure, integrated teaching, skill development, AETCOM and self-directed learning have been introduced. There would be emphasis on communication skills, basic clinical skills and professionalism. There is a paradigm shift from the traditional didactic classroom-based teaching to learning environments where there is emphasis on learning by exploring, questioning, applying, discussing, analysing, reflecting, collaborating and doing. The recognition of this need is enshrined by a greatly enhanced allocation of time to these methods and also the assessment techniques. With this view in mind the log book has been designed as per the guidelines of competency Based curriculum.

Eligibility to appear for Professional (University) examinations

(a) Attendance

- 1. Attendance requirements are 75% in theory and 80% in practical /clinical for eligibility to appear for the examinations in that subject. In subjects that are taught in more than one phase the learner must have 75% attendance in theory and 80% in practical in each phase of instruction in that subject.
- 2. If an examination comprises more than one subject (for e.g., General Surgery and allied branches), the candidate must have 75% attendance in each subject and 80% attendance in each clinical posting.
- 3. Learners who do not have at least 75% attendance in the electives will not be eligible for the Third Professional Part II examination.
- 4. 75% attendance in Professional Development Programme (AETCOM Module) is required for eligibility to appear for final examination in each professional year.
- 5. 75% attendance in the electives and submission of log book maintained during elective is required for eligibility to appear in the final MBBS examination.

(b) Internal Assessment:

Learners must secure at least 50% marks of the total marks (combined in theory and practical / clinical; not less than 40 % marks in theory and practical separately) assigned for internal assessment in a particular subject in order to be eligible for appearing at the final University examination of that subject.

GENERAL INSTRUCTIONS

- 1. The logbook is a record of the academic / co-curricular activities of the designated student, who would be responsible for maintaining his/her logbook.
- 2. The student is responsible for getting the entries in the logbook verified by the Faculty in charge regularly.
- 3. Entries in the logbook will reflect the activities undertaken in the department & have to be scrutinized by the Head of the concerned department.
- 4. The logbook is a record of various activities by the student like:
 - Overall participation & performance
 - Attendance
 - Participation in sessions
 - Record of completion of pre-determined activities.
 - Acquisition of selected competencies
- 5. The logbook is the record of work done by the candidate in that department / specialty and should be verified by the college before submitting the application of the students for the University examination.

Record of Attendance

Phase	Duration of posting	Posting from date	Posting to date	Attended days /out of days	Signature of Head of Unit
Phase II	4 weeks				
Phase III	4 weeks				
Phase IV	8*+4 weeks				

***8 WEEKS OF ELECTIVE POSTING**

PHASE III

Competency addressed	Name of Activity
G 6.1	Describe, discuss and demonstrate the clinical features of pregnancy, derive and discuss its differential diagnosis, elaborate the principles underlying and interpret pregnancy tests.
OG 8.1	Enumerate, describe and discuss the objectives of antenatal care, assessment of period of gestation; screening for high-risk factors.
OG 8.2	Elicit document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past medical history and surgical history.
OG 8.3	Describe, demonstrate, document and perform an obstetrical examination including a general and abdominal examination and clinical monitoring of maternal and fetal well-being.
OG 8.4	Describe and demonstrate clinical monitoring of maternal and fetal well-being.
OG 8.5	Describe and demonstrate pelvic assessment in a model
OG 13.3	Observe/ assist in the performance of an artificial rupture of membranes.
OG 13.4	Demonstrate the stages of normal labor in a simulated environment/mannequin
OG 13.5	Observe and assist the conduct of a normal vaginal delivery
OG 15.2	Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a simulated environment. Observe/Assist in operative obstetrics cases including - CS, Forceps, vacuum extraction, and breech delivery.
OG 33.3	Describe and demonstrate the screening for cervical cancer in a simulated environment.
OG 33.4	Enumerate the methods to prevent cancer of cervix including visual inspection with acetic acid (VIA), visual inspection of cervix with Lugol's iodine (VILI), pap smear and colposcopy
OG 34.4	Operative Gynaecology : Understand and describe the technique and complications: Dilatation & Curettage (D&C); EA-ECC; cervical biopsy; abdominal hysterectomy; myomectomy; surgery for ovarian tumours; staging laparotomy; vaginal hysterectomy including pelvic floor repair; Fothergill's operation, Laparoscopy; hysteroscopy; management of postoperative complications

	Obsterrics &	Gynaecology	LUGUUUK as	per CDME

Obstetrics & Gynaecology Logbook as per CBME		
Competency addressed	Name of Activity	
OG 35.1	Obtain a logical sequence of history, and perform a humane and thorough clinical examination	
OG 35.2	Arrive at a logical provisional diagnosis after examination.	
OG 35.5	Determine gestational age, EDD and obstetric formula	
OG 35.12	Obtain a PAP smear in a simulated environment	
OG 35.13	Demonstrate the correct technique to perform artificial rupture of membranes in a simulated / supervised environment	
OG 35.14	Demonstrate the correct technique to perform and suture episiotomies in a simulated/ supervised environment	
OG 35.15	Demonstrate the correct technique to insert and remove an IUD in a simulated/ supervised environment	
OG 35.17	Demonstrate the correct technique of urinary catheterisation in a simulated/ supervised environment	
OG 36.3	Demonstrate the correct technique of punch biopsy of uterus in a simulated/ supervised environment	
OG 37.4	Observe and assist in the performance of Dilatation & Curettage (D&C)	
OG 37.5	Observe and assist in the performance of Endometrial aspiration - endocervical curettage (EA-ECC)	

LIST OF COMPETENCIES AETCOM SKILLS

OG 8.6	Assess and counsel a patient in a simulated environment regarding appropriate nutrition in pregnancy
OG 13.4	Counsel on methods of safe abortion.
OG 20.2	In a simulated environment administer informed consent to a person wishing to
	undergo Medical Termination of Pregnancy

LIST OF COMPETENCIES

PHASE III

Competency addressed	Name of Activity
OG 9.2	Describe the steps and observe/assist in the performance of an MTP evacuation
OG 13.3	Observe/ assist in the performance of an artificial rupture of membranes
OG 13.4	Demonstrate the stages of normal labor in a simulated environment/mannequin
OG 13.5	Observe and assist the conduct of a normal vaginal delivery
OG 15.2	Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a simulated environment. Observe/Assist in operative obstetrics cases – including - CS, Forceps, vacuum extraction, and breech delivery
OG 19.3	Observe/ assist in the performance of tubal ligation
OG 19.4	Enumerate the indications for, describe the steps in and insert and remove an intrauterine device in a simulated environment
OG 34.4	Operative Gynaecology : Understand and describe the technique and complications: Dilatation & Curettage (D&C); EA-ECC; cervical biopsy; abdominal hysterectomy; myomectomy; surgery for ovarian tumours; staging laparotomy; vaginal hysterectomy including pelvic floor repair; Fothergill's operation, Laparoscopy; hysteroscopy; management of postoperative complications
OG 35.16	Diagnose and provide emergency management of antepartum and postpartum haemorrhage in a simulated / guided environment
OG 37.1	Observe and assist in the performance of a Caesarean section
OG 37.2	Observe and assist in the performance of Laparotomy
OG 37.3	Observe and assist in the performance of Hysterectomy – abdominal/vaginal
OG 37.6	Observe and assist in the performance of outlet forceps application of vacuum and breech delivery
OG 37.7	Observe and assist in the performance of MTP in the first trimester and evacuation in incomplete abortion

LIST OF COMPETENCIES AETCOM SKILLS

Competency Addressed	Name of Activity
OG 17.2	Counsel in a simulated environment, care of the breast, importance and the technique of breast feeding
OG 19.2	Counsel in a simulated environment, contraception and puerperal sterilisation
OG 35.7	Obtain informed consent for any examination / procedure

LIST OF COMPETENCIES

PHASE IV

Competency addressed	Name of Activity
OG 5.1	Describe, discuss and identify pre-existing medical disorders and discuss their management; discuss evidence-based intrapartum care
OG 5.2	Determine maternal high-risk factors and verify immunization status
OG 13.3	Observe/ assist in the performance of an artificial rupture of membranes
OG 13.4	Demonstrate the stages of normal labour in a simulated environment/mannequin
OG 13.5	Observe and assist the conduct of a normal vaginal delivery
OG 15.2	Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a simulated environment. Observe/Assist in operative obstetrics cases – including - CS, Forceps, vacuum extraction, and breech delivery
OG 34.4	Operative Gynaecology : Understand and describe the technique and complications: Dilatation & Curettage (D&C); EA-ECC; cervical biopsy; abdominal hysterectomy; myomectomy; surgery for ovarian tumours; staging laparotomy; vaginal hysterectomy including pelvic floor repair; Fothergill's operation, Laparoscopy; hysteroscopy; management of postoperative complications
OG 35.3	Recognize situations, which call for urgent or early treatment at secondary and tertiary centres and make a prompt referral of such patients after giving first aid or emergency treatment.
OG 35.8	Write a complete case record with all necessary details
OG 35.9	Write a proper discharge summary with all relevant information
OG 35.10	Write a proper referral note to secondary or tertiary centres or to other physicians with all necessary details
OG 35.11	Demonstrate the correct use of appropriate universal precautions for self- protection against HIV and hepatitis
OG 36.1	Plan and institute a line of treatment, which is need based, cost effective and appropriate for common conditions taking into consideration (a) Patient (b) Disease (c) Socio-economic status (d) Institution/ Governmental guidelines.
OG 36.2	Organise antenatal, postnatal, well-baby and family welfare clinics
OG 38.1	Laparoscopy: observe

Competency addressed	Name of Activity
OG 38.2	Hysteroscopy: observe
OG 38.3	Lap sterilization: observe
OG 38.4	Assess the need for and issue proper medical certificates to patients for various
	purposes
